

This chapter applies to both:

- Withholding trade secret information from material safety data sheets (MSDSs) and employee exposure records

and

- Providing trade secret information in medical emergencies and nonemergency situations.

Definition:

Trade secrets: Any confidential information that's used in an employer's business and gives an opportunity to gain an advantage over competitors who don't know or use it. It can be a:

- Formula
- Pattern
- Process
- Device
- Information
- Collection of information.
